Chairperson's Message

On behalf of the organising committee, I would like to thank each and every one of you for entering our 1st National exhibition.

The idea for a National competition was hatched through conversations during covid lock downs and grew from there. We are grateful to our club committee (Berwick Viewfinders Camera Club Inc.) for supporting the idea and giving the sub-committee free reign to develop what has ended up a wonderful competition and great learning experience. A competition that I believe will grow from strength to strength in coming years.

We received many images from across Australia. All images in each category were beautiful, in their own way. Thank you to everyone who entered images and congratulations to those who received awards and acceptances. Our exhibition is a testament to the photographic talent throughout Australia. The quality of the entries across all categories, proved a diverse range of images.

We were very blessed to have a lovely group of quality judges, whose experience shone through when judging the various categories of images. Thank you so much for all your help, input and feedback.

A big thanks to our sponsors for their generosity and support. Without their support we would not have been able to give back to our winners in the way that we have.

To our software provider, Colin from 'My Photo Club'- your competition site has provided a seamless, stressless experience for everyone involved, thank you!

National competition's start at club level. Thank you to our general club members for your generous donations, you saw the vision we have for our 1st National competition and future photographic competitions.

To the committee of the Southern Cross National, thank you for stepping up to take on extra roles to get this competition up and running. When we work as a team, the satisfaction and rewards far out way the small effort we put in. I have said many 'times many hands make light work'. We hope many more members put up their hands to become involved in the years to come.

Please take the time to enjoy the beautiful images within this catalogue. I hope they inspire you to continue your photography journey, to use your imagination and look outside the box, step out of your comfort zone and experiment.
